INTEGRATED WINTER HOMEWORK PROJECT- V

Session 2025-26

Integrated Winter Homework Project offers advantages like deeper understanding, enhanced problem-solving skills, and improved motivation by connecting different subjects and showing their real-world applications. It fosters critical thinking, creativity, and concentration while helping students develop time management and independent learning habits. Dear Parents, We encourage your child to take ownership of their integrated homework and refrain from doing the work for them, but instead, allow them to use their critical thinking and creativity to complete it. Let them do the work independently.

TOPIC: THE GREAT HIMALAYAS

ENGLISH

1. "Create Your Himalayan Travel Badge"

The Mountain Council wants to give you a special "Himalayan Explorer Badge." Design your own badge using symbols of the Greater Himalayas (snow peaks, glaciers, animals, or trees). Also write 5-8 sentences explaining why you chose those symbols and what they say about the Great Himalayas. A Day in the Greater Himalayas – My Adventure Essay.

2. Imagine you spend one whole day in the Himalayas. Write an essay describing your adventure. Include what you saw, how the mountains looked, whom you met (animals, travelers, or even talking mountains!), and how you felt being surrounded by snow-covered peaks.

MATHS

TOPIC "Himalayan Peak Height"

Task:

1. Choose any 5 Himalayan peaks (e.g., Everest, K2, Kanchenjunga, Nanda Devi, and Annapurna).

• Find out their height.

Out of the five Himalayan peaks you selected,

• Write the name of the highest peak.

• Write the name of the lowest peak.

• Find the difference in their heights.

2. Arrange in Ascending/Descending Order

Arrange the heights of the five peaks in:
