## Rajbagh, Srinagar-190008

### INTEGRATED HOMEWORK CLASS VIII

#### ENGLISH

1. Imagine you're a reporter in a local newspaper and you are interviewing your grandmother/grandfather about the transport system of river Jhelum during their childhood. Write it in the form of a dialogue.
2. Write a descriptive paragraph about an early morning scene on River Jhelum. Describe the smell of the water, the colours you see, the activities happening around the riverbank, and how the river makes you feel.

#### MATHS

1. Below are the water levels (in meters) of River Jhelum at four locations during spring:

Pampore: 4.2 m

Srinagar: 5.1 m

Sopore: 4.8 m

Baramulla: 4.5 m

- Draw a bar graph showing this data.
- Calculate the average water level.
- Find the difference between the highest and lowest readings.

#### SCIENCE

1. Prepare a detailed report on the ecosystem of River Jhelum.

Include:

- 5 aquatic plants
- 5 aquatic animals
- The effect of pollution on these organisms
- Ways to conserve the river ecosystem

Include diagrams.

2. Why does the water level of the Jhelum rise during summer and monsoon seasons?

#### HISTORY

1. Write about the kadals/bridges of old Srinagar and write briefly about each of their histories. Explain using scientific reasons.

#### CIVICS

1. Prepare a list of 5 duties of citizens to keep River Jhelum clean. Then write 5 responsibilities of the government to protect the river.

#### GEOGRAPHY

1. Draw a simple map of Kashmir showing the route of River Jhelum from Verinag to Wular Lake. Label the following places: Verinag, Anantnag, Pampore, Srinagar, Baramulla, Wular Lake.

### URDU

1. Write a paragraph on "importance of Jhelum", mention it's origin, importance for Kashmir, beauty and uses.
2. Write a formal letter to the SMC requesting them to install more dustbins along the riverbank near your area.
3. Do page writing and book reading on daily basis.

### HINDI

1. Write a formal letter to the SMC requesting them to install more dustbins along the riverbank near your area.
2. Landscapes absorb history, write a moving poem on what would have River Jhelum metaphorically absorbed in Kashmir during the past 1 decade

### KASHMIRI

1. Find five Kashmiri proverbs or sayings related to water, nature, or rivers. Explain their meanings.
2. Write 5 steps that can be taken to protect river Jhelum.

### PUNJABI

1. Find five Punjabi proverbs or sayings related to water, nature, or rivers. Explain their meanings.
2. Imagine you live in a village near the River Jhelum. List 3 ways the river helps your family and community.
